Sustainable Cleanical Beauty
by Vegetology

“Can we utilize plant materials
without harming the environment?”

For thirty years, Vegetology has been delving into
plant resources, aiming for harmony with
our environment.

To enhance your well-being, happiness,
and preserve nature, Vegetology is forging a path
for sustainable cleanical beauty rooted in
our expertise.

Is your skin lacking its former radiance?
Start your revitalizing journey
with viniferine treatment.

01 __ Viniferine, the incredible
compound. Discovered in vine
stems and grapes, this potent
component enhances radiance
and combats aging.

02 __ Grape Flower Cell Extract
(Vino Chocolate), a cosmetic
ingedient expertly created by
Vegetology, proudly features
an extraordinary amount of
viniferine derived from grape
flower cells.

Experience the Wonders of Viniferine :

- 1

Glowing brightening, 62 times more
potent than vitamin C.
- 2

Powerful antioxidant, 28 times more
efficient than tocopherol.
- 3

Decreased melanin production by 28.6%.
- 4

Remarkably high skin penetration rate.
